## HOLIDAY BY ATRIA CERTIFIED A “GREAT PLACE TO WORK” FOR FIFTH CONSECUTIVE YEAR

**LOUISVILLE, Ky. (June 1, 2022)** — Holiday by Atria has been honored as a Great Place to Work by the Great Place to Work Institute for the fifth consecutive year. This honor extends to 133 – 64 percent – of Holiday’s senior living communities.

According to the Institute’s Trust Index Survey, which informs the annual certification, 74 percent of employees consider Holiday a great workplace. This survey is based on five aspects of trust: credibility, respect, fairness, pride and camaraderie. The Great Place to Work certification is based on responses of anonymous employee surveys from across Holiday’s communities as well as evaluating more than 60 elements of team members’ experience on the job. These include employee pride in the organization’s local community impact, belief that their work makes a difference and feeling their work has special meaning.

“An invested group of employees who are excited to come to work every day creates an environment that attracts exceptional talent and builds a welcome, dynamic community for our residents to enjoy,” said Karen Sheean, Chief Human Resources Officer at Atria Senior Living. “Our company has grown this past year as we have integrated with Atria. Maintaining our employees’ engagement through the transition has been a top priority. The survey was an important touchpoint to receive feedback from our team, and this recognition lets us know we’re moving in the right direction.”

Seventy-eight percent of Holiday employees completed the Trust Index Survey. Certification and rankings are based on employees’ experiences, no matter who they are or what their role is.

“We applaud Holiday by Atria for seeking certification and publicly sharing its employees’ feedback,” said Dr. Jacquelyn Kung, CEO and co-founder of Activated Insights, which is Great Place to Work’s senior care partner. “These ratings measure Holiday’s capacity to earn its own employees’ trust and create a great workplace for high performance.”
